Education

Vignana Bharathi Institute of Technology **Aug. 2024 – July 2028**
Bachelor of Engineering in Computer Science and Engineering(Data Science) - CGPA: 7.85 *Hyderabad, Telangana*

Sri Chaitanya Junior Kalasala **May. 2022 – June 2024**
Class XII(Mathematics, Physics, Chemistry) - Percentage: 94.8% *Hyderabad, Telangana*

Aurobindo Public School **June 2021 – March 2022**
Class X - Percentage: 81.8% *Nalgonda, Telangana*

Projects

Python Automation | *https://github.com/samalasanvika26-art/pythonAutomation* **May 2026**

- Developed Python-based automation scripts to automate repetitive tasks, reducing manual effort and improving workflow efficiency.
- Implemented automated data processing, file handling, and task execution using reusable Python functions and modules.
- Tested and debugged automation workflows to improve reliability, accuracy, and execution consistency.
- Tech Stack: Python, Selenium, PyTest, Pandas, NumPy, Git, GitHub

Universal Assistive Communication | *https://github.com/24P61A67G6/v0-universal-assistive-system.git* **Jan 2026 – May 2026**

- Developed an AI-powered assistive communication system integrating Speech-to-text, Text-to-Speech, Image-to-Speech, and Gesture Recognition to support users with different disabilities.
- Implemented computer vision and speech processing techniques using OpenCV and Python to enable accessible, real-time communication and interaction.
- Designed a user-friendly web interface with voice interaction, multilingual support, and emergency assistance to improve accessibility and independent communication.
- Tech Stack: Python, Flask, OpenCV, TensorFlow/PyTorch, Speech Recognition, HTML, CSS, JavaScript, MySQL, GitHub

Skills

Relevant Coursework: Data Structures, Database Management, Operating Systems, Basics on Data Science.
Languages: Python, SQL
Developer Tools: Git, Github, VS Code, PyCharm, MYSQL Workbench
Technologies / Frameworks: Database,Datascience
Soft Skills: communication skills,presentation skills,Time management,Analytical Thinking

Interests

Front-end Development,Backend Development,Datascience

Certifications

- Programming in C - NPTEL
- Data science using python- Geonixa
- Data Analytics job Simulation-Deloitte

Achievements and Co-Curricular Activities

- completed certification in python programming
- participated in coding competitions smart india hackathon(SIH)
- participated in technical workshops and seminars
